Subject: Extension of Time to Respond to Information Request

Craig,

This email documents EPA's decision to extend the time period for Terrence and Vicki Larson to respond to the Information Request that EPA issued to the Larsons until July 13, 2013. EPA intends to extend the time period to this date for Richard Bambauer who also received an Information Request from EPA. Based on our conversation we had this morning, I understand that the Larsons would like to provide a portion or all of its response in an electronic format. This should work for us provided the files are in pdf, excel, word, or jpg formats.

We appreciate the Larsons' cooperation in this matter.
